APOLOGIES

John Darker & Ian Wilson

MINUTES OF LAST MEETING

- The minutes of the last meeting Monday 8th May 2017 were approved agreed to be circulated to the virtual group and put on the PPG notice board.

AGENDA

- Matters arising – Bryan Jenkins – NF discussed that at the moment we are still not going along this route but would keep Mr Jenkins updated once some of the Basingstoke practices had trialled this.
- Alton PPG Meeting – VC & AD visited and felt this was very useful.
 - They did let us know short & sweet were going to have two additions now one for the GP practices and one for the PPG.
 - Alton did have a children's area we discussed the infection control implications and we will put a poster up to remind patients to bring their own toys to keep their children occupied due to infection control.
 - Alton also have a young mum come to meetings and it was suggested we approach the mother and baby class locally to see if anyone would like to attend or if this is not practical we leave a suggestion book for the young parents to give us ideas which would benefit them.
- CCG PPG Meeting – 25th September we need a volunteer to attend these meetings on behalf of our PPG
- Strong & Steady – 20th September we will be holding our first event discussed which members would bring refreshments – Dr Ward to do a speech and then a keep fit demonstration.
- Diabetes Support Group – Attended our meeting and discussed what this group does and how we can help. Moving forward we will be looking to do a walking group however, this will need leadership. We will also run an event for this following on from the strong & steady event perhaps in November.

AOB

- Building – All progressing trying to get some extra funding from CCG. Richard Wood advised to write to the Parish Council Clerk.
- David Gent discussed survey on phone after appointment – SR has looked into this it is our friends & family survey we have decided to put on text as we don't get many and this is a CCG request.
